CORNING

INTRODUCING

the Homestead Collection™

FROM CORNING

Under that earthy look, it's pure PYREX® ware.

America has contributed more to the art of cooking than just food.

The colonial-inspired designs of earthenware and crockery have become as much an American tradition as the Thanksgiving turkey.

And now Corning has taken the look of hand-made earthenware and combined it with the tough versatility of PYREX ware in our newest pattern—the Homestead Collection.

Just like our other PYREX ware patterns, Homestead goes from storing to cooking, to serving—beautifully. For an especially warm table setting, Homestead is right at home with Old Town Blue CORELLE® Livingware.

The Homestead Collection has all the old-fashioned charm of grandma's table—with the modern practicality that has made PYREX ware the choice of the vast majority of today's American homemakers.

Whether it's keeping stored coffee fresh, brown sugar soft, or preventing liquids from spilling over in the refrigerator, PYREX® ware has the perfect answer, in every size, to suit every need.

PYREX ware is non-porous, so it can't absorb odors—food always tastes as good as it looks. See-through containers let you see what's inside, and how much is left, at a glance. And the lids are flat, so they can be stacked to make the most of storage space.

For serving a fresh salad, or a piping hot stew, the same PYREX ware dish will do the job. And PYREX ware is as pretty as it is practical. In addition to sparkling-clear glass in either smooth or sculptured designs, decorated PYREX ware has four cheery patterns to choose from to brighten any kitchen. And, for a tailor-made table setting, put them together with a compatible CORELLE® Livingware pattern.

Whether hot or cold, PYREX ware beverage servers keep the contents at the right temperature. Quick and safe to use whether brewing with boiling water for tea or soup, or mixing up a refreshing summer drink.

And there are tabletop accessories which include salt and pepper shakers, butter dishes, and serving pitchers—even floating candles—all with a decorator's touch.

For setting a table that's step-saving, practical and beautiful, too, there's a PYREX® brand Compatible to suit every taste, every decor. From serving dishes to salt and pepper shakers—even mugs.

And because they're PYREX® ware, the Compatibles are as great off the table as they are on it. They're oven-safe (even microwave ovens), freezer-safe and dishwasher-safe. The PYREX® brand Compatibles are great for storing food, too—in the refrigerator or the cupboard. And they're stackable, so there's no wasted storage space.

The Homestead™ Collection makes a beautiful compatible, too. It doesn't go with CORELLE® Livingware Old Town Blue decoration exactly; it goes beautifully. A perfect blend of new and old.

PYREX® ware Compatibles make having a beautifully coordinated table setting as easy as picking the CORELLE Livingware pattern you like, then adding the "matching" Compatibles. Could decorating a table be any easier?
