HOW TO USE PYREX WARE

Handle a hot PYREX dish with a dry cloth and never set hot PYREX dishes on wet surfaces. Allow hot dishes to cool before adding liquids.

special care for range-top ware

Use low to moderate direct heat. Foods cook quickly in PYREX Ware. High gas flame or electric heat is unnecessary. If food ever sticks, reduce heat. Always put liquid, fat or food in a PYREX range-top dish before placing over direct heat. Use Heat Spreader Grid, supplied with PYREX Range-top Ware, when cooking on electric ranges. Do not use for deep fat frying. Do not use harsh abrasives or scouring powder on PYREX Range-top Ware.

DO NOT USE OVENWARE ON TOP OF RANGE OR IN BROILER.

special care for candle warmers

Do not drop matches or other foreign material in the candle warmer. Table covering should be kept smooth in the area under the candle warmer.

replacement offer

Any dish or part of PYREX Brand Ovenware which breaks from oven heat, or any glass part of PYREX Brand Range-top Ware which breaks from heat within two years from date of purchase, when used according to instructions, will be replaced by any dealer in PYREX Brand Ware in exchange for the broken pieces.
